This application is only for excavating up to road (**Not excavating in the road**) in the City right of way, easement or ditch.

If you are excavating in the street you must also fill out a **street excavation permit** & remit a check for **\$500.00** to be kept on file in the Collector's office until street has been inspected by Richmond Public Works Department. Once street has been brought back to the original state and has been inspected, the \$500.00 check will be refunded.
